

# Edilgrappa MU16 Container Seal Cutter

The MU16 cordless rebar cutter will safely and cleanly cut rebar up to 16mm diameter. This self-contained electric/ hydraulic unit will also cut other items like chains, bolts, steel mesh, rebar, locks and rod. The MU16 can cut in close proximity to a trapped victim in rescue situations, as it does not produce sparks or heat when in operation. The MU16 also features a safety relief valve for retracting the piston and opening the cutting jaws if required by the operator. The cutting blades have 3 cutting edge faces and can be rotated to the next clean cutting edge. This tool is complete with battery charger, durable plastic carry case and two 18 volt batteries.

<b>Motor</b>	400W / 18V DC/ 22A
<b>Cutting Speed</b>	4 Seconds
<b>Maximum Cutting Capacity</b>	16mm High Tensile Material / 620N / mm <sup>2</sup>
